**Expanding Expression Tool Extension Kit: A multi-sensory tool for defining and describing entities**

34407, KT Kit  
2004  
A way of teaching kids how to give informative descriptions and definitions of objects. It's great for students who have

difficulty organizing their thoughts and knowing what information is pertinent to their audience. The kit provides visual and tactile cues to facilitate learning. It can be easily adapted to classroom assignments involving oral language and written expression. Working with the kit will help build: oral expression, vocabulary comprehension, defining & describing skills, similarities & differences, written expression, organization, making associations, stating functions of objects, and categorization.
